

ABOUT US

Presto Packaging Solutions (PPS) is a privately owned US-based global packaging company with its manufacturing facility in China. We provide a wide range of packaging solutions for make-up, personal care, facial skin care and fragrance markets.

PPS is a leader in the design, development and manufacture of high-quality packaging containers. Our product portfolio includes standard and customized skincare jars, bottles, tubes, lip-gloss, fragrance closures, eyeliners and other cosmetic items.

The manufacturing processes include injection molding, aluminum stamping press and extrusion molding. The decoration techniques include spray coating, hot stamping, silk screen printing, offset printing, vacuum metalizing and anodizing.
